

BALER TWINE & NET WRAP

Quality crop packaging to meet your baling requirements.

MANUFACTURED UNDER ISO 9001:2008 MANAGEMENT SYSTEM

AGCO BALER TWINE & NET WRAP

AGCO is pleased to announce the availability of quality twine and net wrap products designed exclusively for AGCO hay equipment. Our twine offerings have been rigorously tested to meet performance expectations for all our AGCO Baler Equipment. A full range of twine and net wrap products are available for use in large square, round and small square balers.

AGCO Professional Grade Baler Twine

- Only virgin plastic resin used in manufacturing process
- Specially treated UV inhibitor for protection against light degradation
- State of the art manufacturing equipment
- Higher knot strengths
- More efficient manufacturing process for a greener footprint

SMALL SQUARE BALERS

For Canadian orders please add a "C" to the end of the part number when ordering. Example: 79034001C

ROLL LENGTH/ KNOT STRENGTH	BLUE	GREEN	ORANGE	RED	WHITE	YELLOW	BLUE/WHITE	LIGHT GREEN	DK BLUE/DK GREEN	BLACK	DARK BLUE
	PART NO.	PART NO.	PART NO.	PART NO.	PART NO.	PART NO.	PART NO.	PART NO.	PART NO.	PART NO.	PART NO.
7200/170			79034001								
7200/190	79033990		79033951			79033999					
9000/130			79033963							79034024	
9600/170	79034007	79034023	79033941			79034003					
12000/180	79034306										

SMALL SQUARE BALERS - SINGLE BALL

For Canadian orders please add a "C" to the end of the part number when ordering. Example: 79034106C

ROLL LENGTH/ KNOT STRENGTH	BLUE	GREEN	ORANGE	RED	WHITE	YELLOW	BLUE/WHITE	LIGHT GREEN	DK BLUE/DK GREEN	BLACK	DARK BLUE
9000/130			79034106								

LARGE SQUARE BALERS

For Canadian orders please add a "C" to the end of the part number when ordering. Example: 79033989C

ROLL LENGTH/ KNOT STRENGTH	BLUE	GREEN	ORANGE	RED	WHITE	YELLOW	BLUE/WHITE	LIGHT GREEN	DK BLUE/DK GREEN	BLACK	DARK BLUE
3500/500	79033989	79033992	79033979								
4000/350	79033970	79033969	79033922	79034020	79033931	79033942					
4000/400	79033971	79033929	79033937		79033946	79033943					
4000/440	79033947	79033968	79034117		79033945	79033983					
4000/450	79034038	79034044	79034008		79034113	79033962			79034005		
4000/500	79034556		79034555

ROUND BALERS

For Canadian orders please add a "C" to the end of the part number when ordering. Example: 79034019C

ROLL LENGTH/ KNOT STRENGTH	BLUE	GREEN	ORANGE	RED	RED/WHITE	YELLOW	BLUE/WHITE	LIGHT GREEN	DK BLUE/DK GREEN	BLACK	DARK BLUE
20000/110	79034019		79033933	79033976	79034586	79033980	79034015	79034014			
20000/130			79034009			79034025					
20000/140			79033965								
20000/150			79033974								
28000/110	79033930		79034036				79033964				
40000/110	79034402										

ROUND BALERS - SINGLE BALL

For Canadian orders please add a "C" to the end of the part number when ordering. Example: 79033998C

ROLL LENGTH/ KNOT STRENGTH	BLUE	GREEN	ORANGE	RED	WHITE	YELLOW	BLUE/WHITE	LIGHT GREEN	DK BLUE/DK GREEN	BLACK	DARK BLUE
20000/110	79033998		79033934			79033995					

You can be assured that each and every pallet that leaves the factory has been tested and approved to meet the demands of any baling situation. By using technically advanced equipment in the manufacturing of our twine, AGCO uses fewer raw materials to achieve a higher tensile strength, thus reducing the impact on the environment giving farmers a greener option as well.

AGCO Professional Grade Side-to-Side Net Wrap

A new generation of net wrap manufactured to become the best performing net wrap on the market for all models of round baling machines.

- Side-to-Side Coverage for Full Coverage
- Minimum Length Guarantee
- Left/Right Installation Indicator
- Warning Indicator last 250 feet of the roll
- Maximum UV Protection to prevent degradation
- Identification Label on each roll, traceable throughout the production cycle

AGCO Net Wrap & Twine Productivity Calculator

Discover the advantages of using AGCO Net Wrap as compared to twine tied bales. This online tool provides an estimated calculation of the time saved in the field using AGCO Net Wrap vs. twine tied bales. Less time in the field translates into reduced fuel and labor costs. Check it out on: <http://www.agcoparts.com/Hay/Twine>

SIDE-TO-SIDE NET WRAP	
SIZE	PART NO.
48 x 11800	79034041
48 x 5000	79034040
48 x 6200	79034039
48 x 9840	79034032
51 x 9840	79034049
54 x 11800	79034045
57 x 6560	79034051
62 x 6200	79034050
64 x 7000	79034029
64 x 8800	79034042
67 x 7000	79034034
67 x 8000	79033924

For Canadian orders please add a "C" to the end of the part number when ordering. Example: 79034041C

ENGINEERED FOR EXTREME BALING CONDITIONS

AGCO Advanced™ Baler Twine & AGCO Advanced™ Solar Degradable Baler Twine

New technologies in today's large square balers require new technology in baler twine. Bales are being made denser than ever and this calls for AGCO Advanced Baler Twine, the right twine to get the job done.

- High performance twine that ensures high knot strength and increased grip to avoid slippage in the most extreme baling conditions.
 - 80% higher grip than standard twine
 - 550 lb knot strength for maximum output
 - 15-20% denser bales = freight cost savings

AGCO ADVANCED BALER TWINE	
ROLL LENGTH/ KNOT STRENGTH	PART NO.
4000/550	79033959 - (Cream Only)
SOLAR DEGRADABLE	
20000/110	79034031 - (Green Only)

For Canadian orders please add a "C" to the end of the part number when ordering. Example: 79033959C

AGCO Advanced Side-to-Side Net Wrap

Reinforced for extra strength for those aggressive baling environments.

- Reinforced professional grade net wrap that gives extra strength in the middle
- Weft lines are reinforced in an "X" pattern instead of the traditional "Z"
- Perfect choice for baling rough crops (i.e. Corn Stalks)
- Increased tensile strength = less wraps, which is more cost effective
- Manufactured using less raw material for a greener footprint

AGCO ADVANCED NET WRAP	
SIZE	PART NO.
48 x 9840	79034058
51 x 9840	79034059
64 x 7000	79034060
67 x 7000	79034061

For Canadian orders please add a "C" to the end of the part number when ordering. Example: 79034058C

AGCO GIANT BALER SPOOLS AND PROFESSIONAL GRADE SISAL

AGCO Advanced™ Giant Spools

Giant spools offer less time loading, more uptime in the field and a better value.

- Custom designed for the new generation of Massey Ferguson 2100 series and Challenger LB series of large square balers
- Improved Productivity up to 38%
- 80% higher grip than standard twine

ROLL LENGTH/KNOT STRENGTH	PART NO.
6000/350	79034587 – (Cream Only)
5500/400	79034588 – (Cream Only)
5000/450	79034589 – (Cream Only)

For Canadian orders please add a "C" to the end of the part number when ordering. Example: 79034587C

AGCO Professional Grade Sisal

- Grade A natural fiber sisal
- Made in Brazil

UNTREATED SISAL	
LENGTH	PART NO.
16000	79034047

GOLD SISAL	
7200	79034022
9000	79033994
10000	79033935
16000	79034012
20000 Binder	79034000
26000 Binder	79033978
28000 Binder	79034115

GREEN SISAL	
7200	79034056
9000	79034055
10000	79034057
16000	79034054
20000 Binder	79034030
26000 Binder	79034016
28000 Binder	79033926

For Canadian orders please add a "C" to the end of the part number when ordering. Example: 79034047C

AGCO PARTS Providing for all of your baling needs.

AGCO Parts supports a network of dealers in the United States and Canada with over a million part numbers carried in eight Parts Distribution Centers.

Your AGCO dealer offers a complete line of quality replacement parts and accessories supporting all of the AGCO brands, as well as most competitive makes of farm equipment. Productivity and uptime are critical to a successful hay season and AGCO Parts has developed a full line of products and tools to help you produce the highest-quality hay from start to finish.

Rely on your AGCO Parts Dealer for quality hay solutions.
